# Leaders For Change - Certificate in Non-Profit Leadership and Management

Special Purpose Award

Level 9 (15 ECTS Credits)

**Quality Matters**  
supporting improvement in social services

## Course Description

This level 9 Certificate in Non-Profit Leadership and Management is an applied programme, aimed at improving specific, managerial and leadership competencies for managers and executives in Irish non-profit organisations. The course combines academic evidence-based practices with practitioner- led knowledge and skills.

The faculty are drawn from academia and from qualified senior managers/CEOs who work within capacity building and research organisations within the non-profit sector in Ireland and internationally.

The course will focus on very specific and emerging managerial issues in the sector, which are not generally found in conventional MA/MSc/MBA programmes, other than those which focus exclusively on the non-profit sector. Learners receive very specific 360-degree feedback on their own leadership behaviours as seen by their peers, colleagues, direct reports etc. using a validated instrument.

The managerial portions of the programme (10 of 15 ECTS) addresses, in a foundational way, many of the contemporary issues faced by Irish managers in the non-profit sector. Topics and skills such as reflective practice, conflict management, emotional intelligence at work, non-profit governance, managing culture, HR and performance management, impact measurement, change management, influencing government and advocacy, information management, social media and personal presentation skills differentiate the programme from conventional management programmes. While the knowledge base is developed from an empirical perspective, the core focus is on helping learners migrate the knowledge base into a new set of competencies.

## Award and Progression

Special Purpose Award level 9 (15 ECTS Credits), Learners who complete these modules on this programme may wish to transfer their credits as part of a continuing pathway to the MSc in Non-Profit Management on page 14 at a future date.

## Entry Requirements

Applicants are required to hold a minimum of a 2.2 honours degree at level 8 or equivalent on the National Framework of Qualifications. Applications may also be considered under the college's Recognition of Prior, Experiential Learning (RPEL) policy and this is likely to be particularly germane to the non-profit sector managers who do not hold an undergraduate degree but have substantive work and managerial experience. This programme requires applicants to have previous work and managerial/team leader experience.

## Career Development

Successful graduates of the programme are likely to emerge as future senior managers or CEOs of indigenous non-profit organisations, or develop further career progression in their current non-profit organisation.

## Course Content
